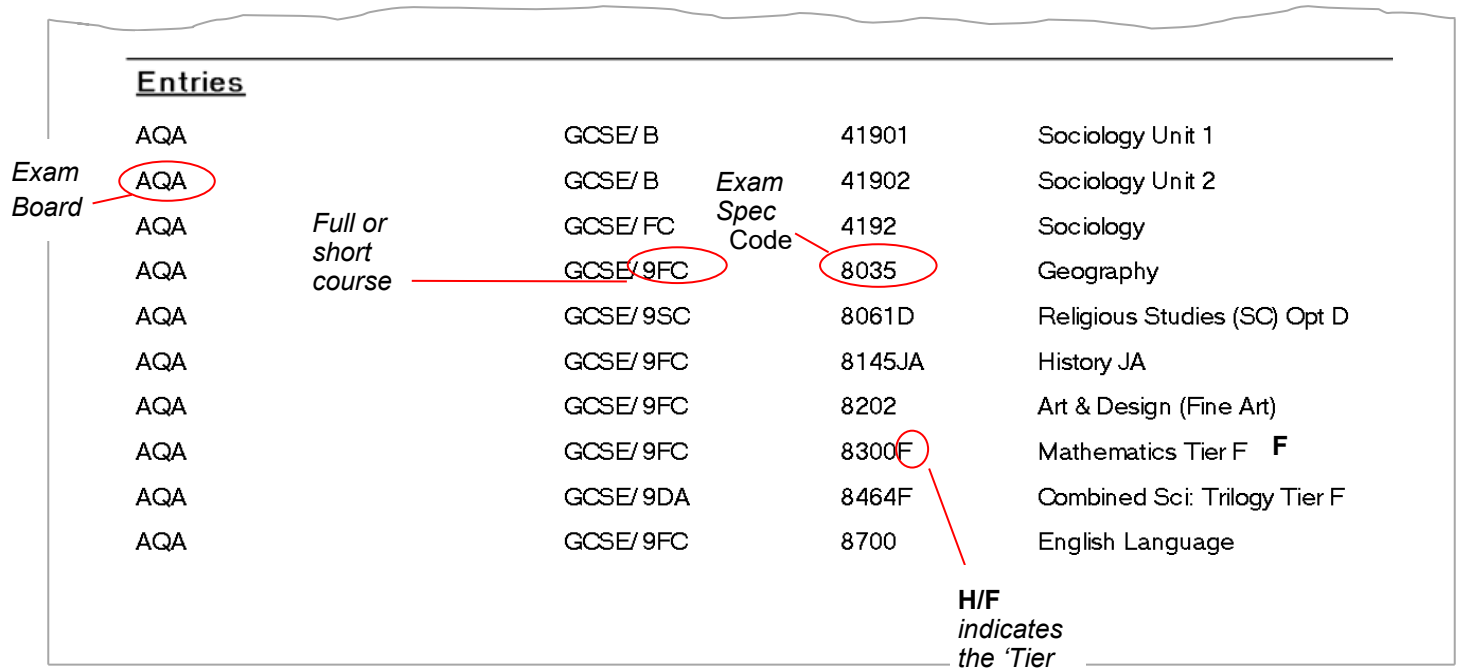
The above shows a sample of the **top section** of your 'Statement of Entry.' This document will list all the exams that you have been entered for.^^ This document should be checked carefully once received. **If any of the information is incorrect, please inform the Exams Officer IMMEDIATELY**.

When you get your 'Statement of Entry' you are asked to check that the personal information is correct. It is important that your name and date of birth are correct as it is **the LEGAL name which will be printed on your Final Certificate.**

^^This does not include vocational subjects such Music Rockschool, Hairdressing, Motor Vehicle, Landbased studies, Practical performances etc. You will need to speak to your class teacher about these.

The next part of the 'Statement of Entry' lists all the exams that you have been entered for. You should know which exams you are taking, however, if you have any queries, you should speak to your Subject Teacher IMMEDIATELY.

At Holmfirth High School the main Exam Boards we use are: **AQA, Edexcel/Pearson, OCR** and **WJEC.**



Exam Spec Code: Associated with all reform GCSE's only, labelled (GCSE/9FC). This single code is enough evidence to tell the exam board that you are following the full content of that subject, eg. 8035 Geography, which is made up of three exams. **Reform GCSE's means** that you be graded between 9 and 1 for your final result. 9 is the highest grade, and 1 is the lowest grade. When an exam entry has been made for you, it will only show once on your 'individual statement of entry' form as above.

You would then need to look at your ***'Guidelines to exams booklet'*** on pages 17 –21 to identify your three Geography exam dates. The main thing for you to check here on your 'individual statement of entry' form is that you have an entry for the subject concerned. Science (Combined: Trilogy OR Separates), also comes under the heading of 'reform GCSE's'. This would appear on your 'statement of entry' as:

AQA	GCSE/ 9DA	8464F	Combined Sci: Trilogy Tier F

The only difference here is that this subject has two tiers of entry, F (Foundation), or H (Higher). This is indicated after the subject, eg. Combined Sci: Trilogy Tier F. Again, Combined Science: Trilogy/ Separate Science includes several exams, so you would need to look through your ***'Guidelines to exams booklet'*** to check when your exams are taking place.

******Remember that you MUST be available up until Wednesday 26th June 2019 should an awarding body need to use its 'contingency day' in the event of a national or local disruption to examinations.***
